Requirements and grading

Attendance is compulsory (see <http://www.cs.ubbcluj.ro/wp-content/uploads/Hotarare-CDI-15.03.2017.pdf>). This means at most 2 absences at labs are allowed, save for medical or other justified reasons.

Final grade is:

- 40% written exam (assuming it will be possible, otherwise a Moodle quiz instead; see a [written exam sample](#) and a [Moodle quiz sample](#));
- 30% labs;
- 30% project.

Notes:

- Minimum grade: 4.5 for written exam, 4.5 for the weighted average;
- Late turned in lab assignments are penalized by 1 point / week past due date (so a lab assignment that would normally get a 9, but is 2 weeks late, will get only a 7).
